

## CERTIFICATE OF CHEMICAL ANALYSIS

MDR-COC-002-TRA-IX-24

Pelanggan : CV. Budi Jaya Sentosa

Customer

Tanggal Permohonan : 09/18/2024

Request Date

Kondisi Contoh : Normal

Sample Condition

Tanggal Pengujian : 09/18/2024

Testing Date

Metode : Coresta by AA3

Methode

| No/No | Identitas Contoh/<br>Sample ID | Hasil/Result (%) |            |                  |
|-------|--------------------------------|------------------|------------|------------------|
|       |                                | Nikotin/Nicotine | Gula/Sugar | Klorida/Chloride |
| 1     | B10                            | 2.82             | 15.41      | N/A              |
| 2     | B1L                            | 1.93             | 14.83      | N/A              |
| 3     | B1AL                           | 2.52             | 15.23      | N/A              |
| 4     | B1O                            | 2.42             | 23.96      | N/A              |
| 5     | B2O                            | 2.57             | 14.53      | N/A              |
| 6     | B2L                            | 1.95             | 14.40      | N/A              |
| 7     | B2AL                           | 1.54             | 13.63      | N/A              |
| 8     | B2AO                           | 2.18             | 15.10      | N/A              |
| 9     | C1O                            | 1.94             | 11.40      | N/A              |
| 10    | C1L                            | 1.57             | 12.44      | N/A              |
| 11    | C1AL                           | 1.28             | 12.56      | N/A              |
| 12    | C1AO                           | 2.22             | 14.02      | N/A              |
| 13    | C2O                            | 2.24             | 13.44      | N/A              |
| 14    | C2L                            | 1.87             | 11.28      | N/A              |
| 15    | C2AL                           | 2.18             | 12.75      | N/A              |
| 16    | C2AO                           | 1.88             | 13.90      | N/A              |
| 17    | H1O                            | 2.52             | 14.35      | N/A              |
| 18    | H1L                            | 1.85             | 15.05      | N/A              |
| 19    | H1AL                           | 3.09             | 13.00      | N/A              |
| 20    | H1AO                           | 1.88             | 15.41      | N/A              |
